NOTES TO FINANCIAL STATEMENTS	10 - 21

#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors Christian Record Services, Inc. Lincoln, Nebraska

#### Opinion

We have audited the accompanying financial statements of Christian Record Services, Inc. (a non-profit organization), which comprise the statement of financial position as of December 31, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Christian Record Services, Inc., as of December 31, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Christian Record Services, Inc., and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Christian Record Services, Inc.'s ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
  due to fraud or error, and design and perform audit procedures responsive to those risks.
   Such procedures include examining, on a test basis, evidence regarding the amounts and
  disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Christian Record Services, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Christian Record Services, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### Report on Summarized Comparative Information

We have previously audited Christian Record Services, Inc.'s 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated July 2, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

See accompanying notes to financial statements.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Organization and Nature of Activities

Christian Record Services, Inc. (the Organization), is a not-for-profit corporation that is organized to provide aid and assistance to persons who are legally blind. The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the Code) and is not a private foundation, but is an organization described in Section 509(a)(2) of the Code.

#### **Basis of Accounting**

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

#### Net Asset Classification

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions are available for use in general operations and not subject to donor restrictions.

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both, and are reported in the statements of activities as net assets released from restrictions.

#### Contributions

The Organization utilizes FASB ASC 958-605, *Not-for-Profit Entities Revenue Recognition*. This standard requires that unconditional promises to give (pledges) be recorded as receivables and revenues and requires the Organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Contributions** (Continued)

#### **Contributed Materials and Services**

The Organization records various types of in-kind contributions. Contributed services are recognized at fair market value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair market value when received. The amounts reflected in the accompanying financial statements as in-kind contributions are offset by like amounts included in expenses or additions to property and equipment.

#### **Volunteers**

Many individuals volunteer their time and perform a variety of tasks that assist the Organization with its operations. The volunteer hours have not been recorded in the financial statements since those services do not meet the criteria for recognition.

#### Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

#### Accounts Receivable

The Organization uses the allowance method to account for uncollectible accounts receivable.

#### Inventories

Inventories, which consist mainly of paper and other production materials and publications for giveaway, are valued at the lower of cost (first-in, first-out method) or net realizable value.

#### <u>Investments</u>

The Organization has adopted FASB ASC 958-320, *Not-for-Profit Entities, Investments - Debt and Equity Securities*. FASB ASC 958-320 establishes standards of reporting at fair value certain investments, debt and equity securities, held by not-for-profit organizations.

Therefore, investments in equity securities that have a readily determinable fair value and all investments in debt securities are stated at fair value, with gains and losses included in the statements of activities. Fair value is determined by quoted market values.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Split-Interest Agreements**

The Organization acts as trustee of and/or has a beneficial interest in various kinds of trusts and annuities for which they act as trustee or administrator. For those agreements that are unconditional and irrevocable, the respective donated assets are recorded by the Organization at fair value at the date of gift or acceptance of agreement.

For those agreements, liabilities are recorded for the present value of the amount due to income beneficiaries and other remainder beneficiaries. Standard actuarial tables and conservative interest rates ranging from 3.8% to 8.5% are used to compute liabilities due to annuitants. For those irrevocable agreements that are unconditional, the Organization's remainder interest is classified as unrestricted or temporarily restricted depending on the terms of each agreement.

The Organization has beneficial interest in six donor-established irrevocable perpetual trusts whose assets are held by third party financial institutions. The Organization receives periodic distributions representing their percentage interests in the income from the trusts' assets. While these beneficial interests are assets of the Organization, they do not represent expendable cash available for discretionary use of the Organization.

#### Plant Assets

Property and equipment are stated at cost, if purchased, or fair value, if donated. Major expenditures for property over \$1,000 and those which substantially increase useful lives are capitalized. Maintenance, repairs, and minor renewals are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts, and resulting gains or losses are included in income.

#### **Depreciation**

The Organization provides for depreciation of property and equipment using annual rates which are sufficient to amortize the cost of depreciable assets using the straight-line method over their estimated useful lives, which range from 2 - 40 years.

#### **Compensated Absences**

Employees' vacation benefits are recognized in the period earned.

#### **Income Taxes**

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Income Taxes** (Continued)

In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

The Organization utilizes the provisions of FASB ASC 740-10, *Accounting for Uncertain Tax Positions*. The Organization continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings. The Organization believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that would be material to the financial statements.

#### **Advertising**

Advertising expenses of the Organization are expensed as incurred.

#### Joint Cost Allocation

In 2021 and 2020, the Organization conducted joint activities that included requests for contributions, as well as program, management, and general components. These activities included direct mail campaigns and newsletters. The costs of conducting these activities included a total of \$740,249 and \$649,298, respectively, of joint costs which are not specifically attributable to a particular component of the activities. In conformity with Statement of Position 98-2 these joint costs were allocated as follows:

0000

		2021	2020
Program Services:	Public Information & Education	,	336,103
Supporting Activities:	Fund Raising	339,076	313,195
		740,249	649,298

#### **Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been reported on a functional basis in the statement of functional expenses.

#### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Comparative Totals**

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2020, from which the summarized information was derived.

#### Reclassification

In certain instances, figures for the prior year have been reclassified to place them on a basis comparable with the current year.

#### NOTE 2. CONCENTRATION OF CREDIT RISK

The Organization has deposits in financial institutions subject to the \$250,000 limit insured by the Federal Deposit Insurance Corporation (FDIC). At December 31, 2021 and 2020, the amount of deposits in excess of the insurance provided by FDIC were \$1,937,185 and \$1,607,688, respectively.

Financial instruments which potentially subject the Organization to concentrations of credit risk consist primarily of trade receivables with a variety of customers. The Organization generally does not require collateral from its customers. Such credit risk is considered by management to be limited due to the Organization's broad customer base and its customers' financial resources.

#### NOTE 3. INVESTMENTS

The Organization has adopted FASB ASC 820-10, *Fair Value Measurements*, which provides a framework for measuring fair value under generally accepted accounting principles. FASB ASC 820-10 applies to all financial instruments that are being measured and reported on a fair value basis.

As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Organization uses various methods including market, income, and cost approaches. Based on these approaches, the Organization often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the

#### NOTE 3. INVESTMENTS (Continued)

Organization is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

For the fiscal years ended December 31, 2021 and 2020, the application of valuation techniques applied to similar assets has been consistent. The following is a description of the valuation methodologies used for instruments measured at fair value:

#### Cash and Cash Equivalents

The fair value of cash and cash equivalents is the market value of checking, savings, or money market accounts reported as a fiscal year end by financial institutions.

#### Marketable Equity Securities

The fair value of marketable equity securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs due to the limited market activity of the instrument.

#### Pooled investment funds

Pooled investment funds are reported as their net asset value, as reported by the custodian of the funds.

#### NOTE 3. INVESTMENTS (Continued)

#### Fair Value on a Recurring Basis

The table below presents the balances of assets measured at December 31, 2021 and 2020, at fair value on a recurring basis.

	Total	Level 1	Level 2	Level 3
Cash equivalents	2,213,868	2,213,868		
Equity mutual funds	21,128	21,128		
Pooled investment funds	1,202,412		1,202,412	
Totals	3,437,408	2,234,996	1,202,412	

The carrying amounts, market value, unrealized gains, and unrealized losses of the Level 1 investments at December 31, 2021 and 2020, are as follows:

		2021	
	Total Cost	Unrealized Gains (Losses)	Estimated Fair Value
Cash equivalents Equity mutual funds	2,213,868 19,698	1,430	2,213,868 21,128
Totals	2,233,566	1,430	2,234,996
		2020	
	Total Cost	Unrealized Gains (Losses)	Estimated Fair Value
Cash equivalents Equity mutual funds	2,202,263 20,031	2,231	2,202,263 22,262
Totals	2,222,294	2,231	2,224,525

Management evaluates securities for other than temporary impairment at least on a quarterly basis, and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial conditions and near-term prospects of the issuer, and (3) the intent and ability of the Organization to retain their investments in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value. As management has the ability to hold securities for the foreseeable future, no declines are deemed to be other than temporary.

#### NOTE 3. INVESTMENTS (Continued)

Total investment return for the years ended December 31, 2021 and 2020, consists of the following:

	2021	2020
Investment income - unrestricted Investment income - unrestricted - annuities and trusts Net realized gains - unrestricted Net unrealized gains - unrestricted - annuities and trusts Investment income - temporarily restricted	23,157 292 13,751 23,868 13,463	36,222 612 25,409 15,233 15,243
	74,531	92,719

#### NOTE 4. ACCOUNTS RECEIVABLE

Components of accounts receivable as of December 31, 2021 and 2020, are as follows:

	2021	2020
Affiliated organization receivable	59,852	128,227
Other receivable	2,414	715
	62,266	128,942

#### NOTE 5. PLANT ASSETS

The major classes of plant assets in service at December 31, 2021 and 2020, are as follows:

	2021	2020
Buildings	62,497	62,497
Equipment	392,488	404,752
	454,985	467,249
Less accumulated depreciation	(379,058)	(389,764)
Net plant assets	75,927	77,485

#### NOTE 6. RELATED PARTY TRANSACTIONS

The General Conference of Seventh-Day Adventists (GC), the North American Division of Seventh-Day Adventists (NAD), the Mid-America Union Conference of Seventh-Day Adventists (MAUC), AdventSource (AS), and Union College (UC) are related parties with respect to the Organization in that the Organization receives appropriations from the GC and NAD to carry out its services for persons who are legally blind, and through shared membership in the respective governing committees of the GC, NAD, MAUC, AS, and UC. Significant transactions occur between the Organization and these organizations, including:

The Organization received contributions from Seventh-Day Adventist Church offerings through the North American Division of \$403,280 and \$347,429 in 2021 and 2020, respectively. These contributions are recorded in the Operating Fund as Sectarian and are used for denominational publications.

#### Pension And Other Post-Retirement Benefits

The Organization participates in a non-contributory, defined benefit retirement plan known as the "Seventh-Day Adventist Retirement Plan of the North American Division". This plan, which covers substantially all full-time employees of the Organization, is administered by the General Conference of Seventh-Day Adventists in Silver Spring, Maryland, and is exempt from the Employee Retirement Income Security Act of 1974 as a multiple-employer plan of a church-related agency.

The Organization also participates in a non-contributory, defined benefit health care plan known as the "Health Care Assistance Plan for Participants in the Seventh-Day Adventist Retirement Plan of the North American Division". This plan, which covers substantially all full-time employees of the Organization, is administered by the General Conference of Seventh-Day Adventists in Silver Spring, Maryland, and is exempt from the Employee Retirement Income Security Act of 1974 as a multiple-employer plan of a church-related agency.

The Organization contributed \$65,811 and \$75,180 to these plans for the years ended December 31, 2021 and 2020, respectively.

These plans are defined by the Financial Accounting Standards Board as multi-employer plans. As such, it is not required, nor is it possible, to determine the actuarial present value of accumulated benefits or plan net assets for employees of the Organization apart from other plan participants. However, based on the latest actuarial valuation of the Seventh-Day Adventist Retirement Plan of the North American Division, as of December 31, 1998, the actuarially computed value of accumulated plan benefits exceeded the estimated market value of plan assets for that plan. No actuarial valuation has been obtained for the Health Care Assistance Plan for Participants in the Seventh-Day Adventist Retirement Plan of the North American Division.

#### NOTE 6. RELATED PARTY TRANSACTIONS (Continued)

#### Pension And Other Post-Retirement Benefits (Continued)

The North American Division Committee voted to freeze accrual of service credit in these plans effective December 31, 1999, except for employees who choose the career completion option, and to start a new defined contribution plan effective January 1, 2000. The Organization is scheduled to continue making contributions (at a reduced rate) to the frozen plans after December 31, 1999. Certain employees will continue to be eligible for future benefits under these plans.

Effective January 1, 2000, the Organization participates in a defined contribution retirement plan known as "The Adventist Retirement Plan". This plan, which covers substantially all full-time employees of the Organization, is administered by the General Conference of Seventh-Day Adventists (GC) in Silver Spring, Maryland, and is exempt from the Employee Retirement Income Security Act of 1974 as a multiple-employer plan of a church-related agency. The Organization contributed \$63,261 and \$54,463 to the plan for the years ended December 31, 2021 and 2020, respectively, based on a stated matching percentage of certain employee voluntary contributions. Investment management of the accumulated employee contributions is provided under an agreement between the GC and the plan trustee and custodian.

#### NOTE 7. NET ASSETS

Net assets without donor restrictions represent resources available to support the Organization's operations at the discretion of the governing board.

Net assets with donor restrictions may only be utilized in accordance with the limitations established by the donors of such resources. Net assets with donor restrictions are available for the following as of December 31, 2021 and 2020:

	2021	2020
Oregon Blind Campers, Bibles for the blind,		
and special projects	782,075	830,591
Trusts	152,695	130,897
	934,770	961,488
Net assets were released from restrictions as follows:		
Special project expenses	262,790	159,401

#### NOTE 7. NET ASSETS (Continued)

Net assets restricted in perpetuity represent resources that are subject to restrictions from donors requiring that the principal be held in perpetuity, be invested, and only the income from such investments be used for the purposes stipulated by the donor. Permanently restricted net assets are held for the income to be used for the following as of December 31, 2021 and 2020:

	2021	2020
Bibles for the blind	73,753	73,753
Scholarships for the blind	7,985	7,985
Reading materials for the blind	574,022	574,022
National camps for the blind	1,858,054	1,815,949
Bible services	1,595,408	1,441,764
	4,109,222	3,913,473

#### NOTE 8. LEASE COMMITMENTS

The Organization conducts its operations with offices leased under a 3-year noncancellable lease expiring on October 31, 2024. There is an option to renew the lease for one 3-year option.

At December 31, 2021, the minimum future payments required under the above are as follows:

2022	87,132
2023	87,132
2024	72,610
	246,874

#### NOTE 9. LIQUIDITY AND AVAILABILITY OF RESOURCES

The Organization's financial assets available to meet cash needs for general expenditures within one year of the balance date are as follows:

	2021	2020
Cash and cash equivalents	1,275,526	984,144
Short-term investments	1,279,098	1,240,775
Receivables, net	62,266	128,942
	2,616,890	2,353,861

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Organization invests cash in excess of daily requirements in short-term investments.

#### NOTE 10. RISKS AND UNCERTAINTIES

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad negative impact on commerce and financial markets around the world. The United States and global markets experienced significant declines in value resulting from uncertainty caused by the pandemic. The extent of the impact of COVID-19 on the Organization's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the Organization's customers, employees, and vendors, all of which at present, cannot be determined. Accordingly, the extent to which COVID-19 may impact the Organization's financial position and changes in net assets and cash flows is uncertain, and the accompanying consolidated financial statements include no adjustments relating to the effects of this pandemic.

#### NOTE 11. SUBSEQUENT EVENT

In preparing the financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through May 10, 2022, the date the financial statements were available to be issued.
